BRADLEY University

Health Professions Advising Center

The Health Professions Advising Center provides an extensive array of experiences and resources to assist Bradley students and alumni in identifying, refining, and achieving personal health career goals. HPAC provides *individualized* guidance, support, and resources to complement students' academic program and advising, helping them to become competitive gaining admission into appropriately chosen professional schools, and to succeed as future healthcare professionals. Learn how to make the most of your Bradley experience beyond the classroom and plan a successful journey to your career in health care.
