

www.trip.com  
Step 1: search for topic/subject

The screenshot shows the Trip database homepage. At the top, there is a navigation menu with links for Home, About, How To Use, Contact us, Blog, Tour, Latest & greatest, and Evidence Maps (NEW). Below the navigation is the Trip logo and a search bar containing the text "fatigue breast cancer". The search bar is highlighted with a red rectangle. Below the search bar, there is a section titled "Trusted Answers" with a sub-heading "Trip medical database, a smart, fast tool to find high quality clinical research evidence." and a list of features including "100,000+ extra systematic reviews", "Medical images and videos", "Links to millions of full-text articles", "Export facility to reference management software", "Advanced search", and "Much more (click to see the full list)". There are also buttons for "About Trip", "Log in now", and "Upgrade to PRO".

Step 2: limit to guidelines / USA (see right hand column)

The screenshot shows the Trip database search results page for "fatigue breast cancer". The search bar at the top contains "fatigue breast cancer" and is highlighted with a red rectangle. Below the search bar, there are tabs for "SEARCH", "PICO", "ADVANCED", and "RECENT". The results section shows "3,394 results for fatigue breast cancer by quality". On the right side, there is a filter panel with "Evidence type" and "Clinical Area" highlighted in red. The "Evidence type" filter is set to "Clinical Area" and shows a list of options: "Guidelines", "Regulatory Guidance", "Systematic Reviews", "Evidence-based Synopses", "Clinical Q&A", "Controlled Trials", "Primary Research", and "Ongoing clinical trials". The "Clinical Area" filter is set to "USA" and shows a list of options: "Aus & NZ", "Canada", "UK", "USA", and "Other".

Step 3: Search results will include partial internet archive of the National Guideline Clearance Center results

The screenshot shows the Trip database search results for the query "fatigue breast cancer". The search bar at the top contains the text "fatigue breast cancer" and the search button is highlighted. Below the search bar, the results are displayed in a list format. The first result, "1. Pharmacologic Interventions for Breast Cancer Risk Reduction in Women", is highlighted with a red box. This result is from the National Guideline Clearinghouse (partial archive) and is dated 2014. To the right of the search results, there is a sidebar with a "Clinical Area" filter set to "USA" and a "Regulatory Guidance" section. The sidebar also includes a "Become a PRO" banner and a "Get Trip Pro now" button. The bottom of the screenshot shows the Windows taskbar with the search bar and system tray.
